AOP Health is the European pioneer for integrated therapies for rare diseases and in critical care. To enhance our team in Vienna we are looking for a:

Senior Program Manager

1190 Wien | Vollzeit | Start: as of now |

We are looking for an an experienced Senior Program Manager, who will play a key role in driving AOP Health´s programs from early development through launch and commercialization. Combining strategic thinking with strong operational leadership, you will bring together cross-functional teams, provide clarity in complex situations and help turn opportunities into tangible business outcomes.

What Your Day To Day Will Look Like

- Lead complex pharmaceutical programs across the product lifecycle, from early development through approval, launch, and commercialization
- Co-develop and drive AOP Health´s long-term brand strategy
- Develop business cases, ensuring development activities and investments support our business objectives
- Ensure program execution by actively managing priorities, timelines, resources, dependencies, risks, and critical decisions
- Drive cross-functional projects and initiatives
- Lead multidisciplinary teams and foster effective collaboration across scientific, medical, regulatory, commercial, and other business functions
- Proactively identify risks and opportunities, drive solutions, and provide clear, actionable recommendations to senior management
- Take ownership of high-priority strategic initiatives and contribute to the continuous improvement of Program and Project Management
- Act as a senior Program Management expert, sharing knowledge, mentoring colleagues, and supporting the development of Program Managment Office capabilities

Your Qualifications And Experience

- University degree in Life Sciences, Economics or a related discipline
- 5+ years of experience in program or project management within the pharmaceutical or biotechnology industry

- Proven track record of successfully leading complex, cross-functional projects and programs, including high-priority and high-impact assignments
- Excellent communication and stakeholder management skills, with the ability to influence and align stakeholders at all organizational levels
- Strong understanding of drug development and the pharmaceutical business
- Comfortable dealing with ambiguity and enjoys managing complex situations
- Strong analytical, problem-solving and decision-making skills
- High level of ownership, structure and oversight
- Strong financial acumen
- Excellent written and spoken English

Our offer

- Open corporate culture with the opportunity to bring in your own ideas
- Great opportunities for personal and professional development
- Attractive work environment with excellent career opportunities and flat hierarchies
- Competitive salary package plus bonus and various benefits
- Gross annual salary provided for this function is a minimum of EUR 49.840,- based on full-time employment (38,5h/week). Any potential overpayment depends on professional experience and qualifications.

By submitting your application, you accept AOP's Data & Privacy Policy.
