

AOP Health is the European pioneer for integrated therapies for rare diseases and in critical care. To enhance our team in Vienna we are looking for a:

Application Owner – Veeva Platform

1190 Vienna | Full-time employee | Start: as of now |

We are looking for an Application Owner – Veeva Platform who will be responsible for the overall ownership of the Veeva Vault platform at AOP Health.

What Your Day To Day Will Look Like

- Take full ownership of the Veeva Vault platform, including design, architecture, standards, and long-term roadmap.
- Align platform evolution with business strategy, regulatory requirements, and enterprise architecture.
- Define and enforce platform-wide architecture, data, security, and integration standards.
- Oversee integrations and data flows with connected systems (ERP, Identity Management, data platforms).
- Ensure global scalability, performance, and compliance in a regulated environment.
- Lead platform governance, including design reviews, change prioritization, and key technical decisions.
- Act as the main escalation point for complex technical, integration, and compliance issues.
- Partner with senior stakeholders across Quality, Regulatory, R&D, and Manufacturing to ensure business value.
- Gather requirements, communicate roadmaps, and guide solution direction.
- Mentor internal teams and guide external partners to ensure consistent, high-quality implementations.
- Ensure compliance with GxP, Annex 11, 21 CFR Part 11, and data integrity requirements.
- Oversee validation strategy and documentation to maintain audit readiness.
- Drive continuous platform optimization and process efficiency.
- Stay current with Veeva updates, regulatory changes, and emerging technologies.
- Promote innovation while ensuring platform stability and compliance.

Your Qualifications And Experience

- 5+ years in application delivery, platform ownership, or IT solution architecture in a GxP-regulated, international environment.
- Experience as R&D Veeva Vault Architect or Functional/Configuration Specialist across multiple Vault

domains is preferred.

- Strong background in pharma/biotech/life sciences is a plus.
- Solid understanding of platform architecture, data/metadata models, workflows and lifecycles, permissions/security, integrations, and data governance.

Our offer

- An open corporate culture with the opportunity to contribute your own ideas
- Working independently in a collegial and committed team
- Modern working environment with good public transport connections (U4 - Heiligenstadt)
- Flexible working hours (flexitime/time-out days), bonus scheme, additional benefits and employee events
- Structured onboarding and support through a buddy system
- Due to legal requirements, we are obliged to disclose the collective agreement minimum salary, which is EUR 45.080,- gross per year, based on full-time employment. However, our actual remuneration packages are market-oriented and aligned with your qualifications and professional experience.

If you would like to work as a team player in an international environment and can identify with our values "Agile, Ambitious, Aligned, Accountable and Appreciative", then: Take this CHANCE and
